Lecture on climate change and making environment healthy organized in BAREKA

OUR CORRESPONDENT

PATNA: A lecture was organized by Banaras Locomotive Works at Technical Training Centre on subject of specific information regarding climatic change and keeping environment healthy on World Environment Day. Professor AK Raghuvanshi of Institute of Environment and Sustainable Management of Banaras Hindu University, Varanasi gave special information on this.

Raghuvanshi was welcomed by Principal Technical Training Center and Deputy Chief Mechanical Engineer, Engine Jitendra Agarwal. In the lecture by chief guest, he informed about subtle aspects

of topic of global warming and climate change happening in environment, telling everyone should think seriously about environmental protection and stop misuse of natural

resources. The programme was conducted and vote of thanks was proposed by Assistant Mechanical Engineer, Training Vipin Kumar Srivastava.
