No.2022/F(X)II/PW/2

New Delhi, dated 29/06/2022

The General Manager
Banaras Locomotive Works
Varanasi

Sub: Clarification on delegation of powers under MSOP 2018.

Ref: BLW's letter No A/FX/MOSP/20128/Pt I dated 24-06-22

Vide letter under reference, clarifications were sought regarding powers of PHoD's/HoDs of PUs under MSOP 2018 part 'A' para 2(C) and GM's powers for sanctioning works under Para 84 (A), Part (C) of MSOP 2018. The matter has been examined in consultation with Budget directorate of Board's office and following clarifications are offered:

i) Para 2(C) of part 'A', MSOP 2018: Since this provision is for approval of works under Revenue only, this para is not applicable for Production Units, where the only budget available is WMS.

ii) Para 84 (A) of Part 'C', MSOP 2018: No limit has been put on powers of GM for sanction of works under this clause. Thus GMs may exercise full powers for "Sanction of ordinary and special repair works including repairs of machinery, tools, plants, equipment, equipment and material handling equipment, including inspection, diagnosis of fault and purchase of material required in connection therewith being done from outside source other than OEM" under this item.

(Ashish Singh)
Director Finance (Exp.)
(Railway Board).
