TTC BLW makes electric loco model

PNS ■ VARANASI

The trainers and trainees of the Technical Training Centre (TTC) for providing information related to the training and loco manufacturing process manufactured the WAG-9H electric loco (running) model. In this running model of locomotive, the manufacture of important spare parts, pantograph, pilot cab, underframe, bogie, shell, motor gear and pinion, track, OHE and signalling under the leadership of skilled and experienced trainers at TTC has been done by trainees undergoing training. The newly manufactured WAG-9H electric loco (running) model was inaugurated by General Manager Anjali Goyal recently. The GM showed keen interest in this newly manufactured model by the

Technical Training Centre and obtained information about the processes related to the manufacture. This work of TTC was praised by the GM who extended best wishes to the trainers and trainees. On the occasion Principal Chief Electrical Engineer (PCEE) Rajesh Kumar Rai, Chief Electrical Engineer

(CEE), (Planning) Ranvijay, Deputy General Manager Vijay, Principal, Technical Training Centre, Ram Janam Choubey, AME/ Training Bipin Shrivastava, Public Relations Officer (PRO) Rajesh Kumar and all the trainers, trainees and other staff of the TTC were present.
